

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF BRIGHT'S BOTTLE GAS)	
COMPANY TO DEVIATE FROM COMMISSION)	CASE NO. 91-465
REGULATION 807 KAR 5:022, SECTION 13(17))	

O R D E R

IT IS ORDERED that Bright's Bottle Gas Company ("Bright's") shall file the original and 10 copies of the following information with the Commission within 14 days of the date of this Order with a copy to all parties of record. Careful attention should be given to copied material to ensure that it is legible. Where information requested herein has been provided along with the original application, in the format requested herein, reference may be made to the specific location of said information in responding to this information request.

1. Provide the following information supported by relevant documentation:

- a. The location of the odorant injection facilities that provide adequate odorant level in Bright's propane.
- b. Type of odorant used.
- c. Amount of odorant used per 1,000 gallons of propane.
- d. Any gas analysis showing odorant concentration in Bright's propane.

2. Provide the name, address, and phone number of the propane supplier(s) and the dates of loading Bright's propane storage tank since January 1, 1990.

3. Provide certificates and/or laboratory tests for the propane loaded into Bright's storage tank.

4. Regarding testing procedures for odorant in Bright's distribution system, provide the following information:

a. Has Bright's tested the odorant concentration in the propane gas in the distribution system since the beginning of its operation? If yes, how?

b. What is the estimated cost for testing the odorant concentration in Bright's system? Provide information about the cost per test by an outside laboratory or any other reasonable alternative.

c. Explain what safety measures are taken by Bright's to ensure safe operation in the absence of testing for odorant concentration.

Done at Frankfort, Kentucky, this 5th day of February, 1992.
